Support of Veterans Around The Globe “Show Us Your Red, White & Blue”

Long Island, NY –September 11, 2009 Flags Still Stands For Freedom, the “Support Our Veterans” campaign”, honors and celebrates thousands of men and women across the globe who have served in defense of this country and who have fought for our honor and our FREEDOM. We rally every citizen to collectively plaster our Country; the good ole United States of America with “Old Glory’s” symbolic colors of Red, White & Blue Veteran’s Day, November 11th, 2009.

What began as a talk show to share the experiences and memories of veterans and their families has quickly turned into a campaign that involves every United States citizen; a campaign NOT asking for money, a campaign that will breathe power back to each and every one of us. A campaign of epic proportion! Using the POWER of Social Media, we want to make our flag and its colors blatantly visible across the globe with a a unified statement of support for our troops who are still in harm’s way; as well as, for those who have served in days past.

The goal of the “Support our Veterans” campaign is to remind each of us that our “Flag Still Stands For Freedom” both here and abroad.

In conjunction with this campaign, Laura Kennedy (and her broadcast partners) will air a 24 hour live talk show on LauraKennedyLive and simultaneously over several other broadcasting networks; a show dedicated to sharing memories and stories of our “fallen” soldiers and celebrations of the servicemen and women who are still serving this beautiful Country that we live in called The United States Of America.

Tell your friend, families, co-workers, and everybody you come in contact with to send their stories today! Please visit www.FlagStillStandsForFreedom.com or contact Laura Kennedy, USN-RET, at 516-502-2750.
